Join Us.

UConn Extension is on a collaborative journey. We work together with families, students, communities, businesses, farmers and statewide partners. We educate. We convene diverse groups to help solve problems.
We are on a collaborative journey.

You have questions. Our specialists have a wealth of knowledge and resources ranging from livestock to farm business and regulations; climate resilience to finding community training opportunities; gardening to wildlife management; fitness to nutrition; how to join 4-H; and more.

We are ready to answer your questions:

• Submit a question online: bit.ly/AskUConnExtension
• Specialists answer questions on video: bit.ly/AskUConnExtension-videos
• Email us: extension@uconn.edu
• Visit our website: extension.uconn.edu
• Call us!: 860-486-9228 (we will direct you to the right specialist).

Is my tap water safe to drink?
How do I get my soil tested?
Is this insect killing my plants?
What native plants can I put in my yard?
Can I eat healthy on a budget?
How does my child join 4-H?
Will sea level rise effect my property?
Where can I find digital maps and data?

Why Extension

Extension is a part of UConn’s College of Agriculture, Health, and Natural Resources (CAHNR). We have over 100 years of experience strengthening communities in Connecticut and beyond. Our educational specialists are ready to work with you and your community.

Extension programs cover the full spectrum of topics aligned to the CAHNR strategic initiatives:

• Ensuring a vibrant and sustainable agricultural industry and food supply
• Enhancing health and well-being locally, nationally, and globally
• Advancing adaptation and resilience in a changing climate
• Designing sustainable landscapes across urban-rural interfaces

Programs delivered by Extension reach individuals, communities, and businesses in each of the 169 municipalities across the state (see map on back page). The “by the Numbers 2019” (right page) highlights some of our key impacts from these initiatives.
