Improving Quality of Life for a Sustainable Future

The College of Agriculture, Health and Natural Resources (CAHNR) is a hub for innovation, transformational education, and discovery. Our internationally recognized faculty conduct cutting-edge research in agriculture and food systems, human and animal health, and environmental sciences to meet the challenges of our changing world. We provide an inclusive, tight-knit community experience combined with unparalleled opportunities to train for fulfilling, high potential careers in existing and emerging fields. Our outreach arm, UConn Extension, has more than 100 years’ experience connecting the power of UConn research to communities in Connecticut and beyond.

One of the University of Connecticut’s oldest and most academically diverse colleges, we are proud to contribute to the research and educational excellence that makes UConn one of the nation’s top public universities.

Academic Departments

- Agricultural and Resource Economics
- Allied Health Sciences
- Animal Science
- Kinesiology
- Natural Resources and the Environment
- Nutritional Sciences
- Pathobiology and Veterinary Science
- Plant Science and Landscape Architecture

Undergraduate Majors (BS unless otherwise indicated)

- Agriculture and Natural Resources
- Allied Health Sciences
- Animal Science (BS, AAS)
- Applied and Resource Economics
- Diagnostic Genetic Sciences
- Dietetics
- Environmental Sciences
- Environmental Studies (BA)
- Exercise Science
- Individualized Major
- Landscape Architecture
- Medical Laboratory Sciences
- Natural Resources
- Nutritional Sciences (including Didactic Program in Dietetics concentration)
- Plant Science (AAS)
- Pathobiology
- Sustainable Plant and Soil Systems
- Urban Forestry and Arboriculture (AAS)

Undergraduate Minors

- Agricultural Biotechnology
- Agricultural Learning and Outreach
- Animal Science
- Business Management and Marketing
- Dairy Management
- Environmental Economics and Policy
- Environmental Studies
- Equine Business Management
- Food Science
- Global Environmental Change
- Integrated Pest Management
- Nutrition for Exercise and Sport
- Ornamental Horticulture
- Sustainable Community Food Systems
- Sustainable Food Crop Production
- Sustainable Environmental Systems
- Therapeutic Horsemanship Education
- Turfgrass Management
- Wildlife Conservation

Impact FY 21

$31.7 million
Extramural grants for research, extension, and teaching

$868,000
Scholarship funds awarded to CAHNR students

169
Towns served through UConn Extension

Alumni

22,000+

Faculty and Staff

107 Faculty
30 Extension Faculty
111 Staff

Research/Clinical Centers & Institutes

- Center for Environmental Health and Health Promotion (CEHHP)
- Center for Environmental Sciences and Engineering
- Center of Excellence for Vaccine Research (CEVR)
- Center for Land Use Education and Research (CLEAR)
- Center for Learning In Retirement (CLIR)
- Connecticut Institute of Water Resources
- Connecticut State Climate Center
- Eversource Energy Center
- Human Performance Laboratory
- Korey Stringer Institute
- Laboratory for Earth Resources Information Systems (LERIS)
- New England Invasive Plant Center
- Wildlife and Fisheries Conservation Center
- The Zwick Center for Food and Resource Policy

Service Centers

- Connecticut Veterinary Medical Diagnostic Laboratory
- Turf Diagnostic Laboratory
- Physical Therapy Clinic
- UConn Home and Garden Education Center
- UConn Plant Diagnostic Laboratory
- UConn Soil Nutrient Analysis Laboratory
